# ZERO EFFORT REQUIRED!

**Introducing the most effortless trigger gun on the market, the new Kärcher EASY!Force. The revolutionary EASY!Force trigger gun uses its own recoil force to hold the trigger down for you. This means no more sore hands after hours of use. Try our EASY!Force trigger gun – it is so much fun, you will not want to put it down!**

**Ergonomics.** Our EASY!Force technology holds the trigger down once you start it, avoiding the strain on your hands associated with other trigger guns.

**Faster set-up.** The new EASY!Lock connection system allows set-ups that are five times faster than existing systems. A simple 360° turn provides a fully-threaded, secure connection.

**Designed for long life.** Our EASY!Force valve consists of a ceramic ball with ceramic sealing seat that is resistant to any particles liable to cause potential damage. This gives it a lifetime five times longer than trigger guns with conventional valve.

**Built in safety.** The trigger gun features a mechanical safety to prevent accidental starts for maximum safety without compromising its ease-of-use.

**Perfect connections.** The same quick locking, screw connection of EASY!Lock can be used on existing pressure washers and accessories. An easy system of adapters ensures compatibility is easy, and allows you to experience the power of the EASY!Force trigger gun. Contact your local dealer to find out more.
